

# WOSU - AM Nighttime Transmitter Park

Herrick Archives Building S 112

## A. IDENTIFICATION & LOCATION

### 1. Name

1.1 Never officially named by Board of Trustees. Name above is used on architectural drawings.

1.2 Alternate names noted.

None.

### 2. Location

2.1 Located at 2350 Red Rock Blvd. in the southwestern part of Columbus. See map below.

For identification of other buildings shown, see Appendix A.

### 3. General Description

The project includes a "transmitter equipment building" approximately 28 feet wide and 45 feet long. There are six antenna towers with an eight foot square "tuning house" at the base of each tower. All buildings are one story high. And all are of concrete block construction with a brick veneer, except for small panels of stucco over entrances.

## B. PLANNING & CONSTRUCTION

1. The project architect was Edsall & Associates. (A)

2. The building was constructed under purchase orders as follows:

Phase I - Site Work: Purchase order in June 1987 to George J. Igel.

Phase II - Building Construction: Purchase order in August 1987 to O.B. Construction, Inc., for general, plumbing and heating, ventilating and air conditioning. Purchase order in August 1987 to Demos Electric Co. for electrical work. (A)

### **C. COST**

The total cost was \$403,792. (A)

### **D. PHOTOGRAPHS**

This building is shown in Photographs X30270, X30271, and X30272 in Photo Archives.

### **E. MISCELLANEOUS**

This building is carried in Campus Planning records as Building 314.
